perfection
in 4 easy
steps**

1. Separate your edges from your hair using the edge brush and slick them down in the direction you'd like to style them
2. Swooping and styling! Create the shape of your swoops, still using the edge brush, which should be natural to your hairline
3. While creating the shape, apply the Afri Moisture Edge Control Gel to mold and hold the hair into the swooping shape
4. For the finer baby hairs and finishing touches, apply some gel to the tip of a fine comb for extra precision
